Your Honours,

The United States of America are about to elect a new President and everything suggests that the candidate Hillary CLINTON could go to the Supreme function and in parallel become the new Head of the Armies of the United States of America.

The presidential function requires the qualities of righteousness, ethics and morality that all three are absent from the personality of the candidate CLINTON. Worse, everything demonstrates that Hillary CLINTON and her husband, former President Bill CLINTON, have been active players in the biggest swindle of mankind's history and if we did not know at the time of the Presidency CLINTON, this is no longer the case today.

Therefore, we shall not stay without reaction in the face of this grotesque candidacy and from then on we require that a **ban on eligibility can be pronounced immediately against Hillary CLINTON** and that a criminal investigation is open immediately against her and husband

We join you in the appendix our criminal complaint sent by fax and by registered mail to the Attorney General [Loretta LYNCH on October 11, 2016](#). This approach has had no reaction during the last 11 days, while the urgency to act is obvious.

If the world's largest economic and military power should be led as President, by an co-responsible of the biggest scam of the History of Humanity, it would mean that the United States practise the Anarchy as a replacement of the rule of law. It would be then undoubtedly the decline of the western world and your Country would carry absolute responsibility.

From our side and for Preserving our interests, now that all the parties are aware of the situation, we formulate our civili Reserves against the United States of America and against any legal entity or individual person, who would help to harm our interests.

It is your duty, as guarantors of the American democratic values, and by extension of the western values according to the major role which plays United States of America on the international scene, TO FORBID IMMEDIATELY HILLARY CLINTON TO ACCESS TO THE PRESIDENTIAL ELECTION OF NOVEMBER 8TH, 2016.

It is already from Monday, October 24th, 2016 that the American citizens have to know the situation so that they can get ready to elect another Candidate. So that the democratic Party can on his side relaunch the candidacy of the last candidate who was in the running against Hillary CLINTON.

This situation is serious for the Western world and if you can not make the right decision, the only right thing at the present time: "Proclaim the ineligibility of Hillary Clinton", you will show that the United States of America are not anymore entitled to keep their position of leader of the western world. You will lead your country to its decline and its BANKRUPTCY.

I dare to hope that you will assume your Duty of function to protect the VALUES for which you were elected, to defend the interests of all your countrymen and those of the western world.

I beg you to believe, Your Honours, in the expression of my highest consideration.
