To be placed on the right side of History

Dear Mrs. Karapetyan, Member of Parliament,

Stéphane Parrone, «judge» in Yvedon-les-Bains VD, living at the Chemin sur la Roche, CH-1972 Poliez-le-Grand is not placed on the right side of History. He has started his career as a «Prosecutor» in Lausanne, violating his duties:

When Michèle Herzog, victim of corruption related to the local real estate mafia lodged a complaint for fraud against various persons, he has investigated nothing. Like an African Marabou, he did not need that for taking decisions. He refused to accept the complaint and on the same day, he charged her for having attempted to the non-existent honour of the mafia lawyer Philippe Reymond, rue de la Riaz 24B, CH-1026 Echandens. See google research «[Le Super-Franco-Verda des Vaudois](#)». This brought him to be promoted «President» of the mentioned court in Yverdon. In that position, he repeated offending the law, by refusing to the small contractor Gil Beuret/La Fourmi to call to the bar five witnesses for his discharge, in defence against the Vaudois mafia. See www.worldcorruption.info/ulrich.htm

Parrone has emerged from the breed of the Vaudois Attorney General Eric Cottier, who is probably the only Prosecutor of the democratic world to have managed for having condemned 2 men without proofs nor confession to long lasting sentences in

prison: Laurent Ségalat (see my book) and François Légeret (L'affaire Légeret – Un assassin imaginaire, Jacques Secretan, editions Mon Village, May 2016).

Lacking any serious evidence, Cottier was exploiting in that latter case a declaration of François Légeret's adoptive brother – his enemy. On January 11, 2006, that crony of Cottier had verbalized a dream of his wife: She had dreamed that François Légeret had been visiting his mother, had asked her to give him a big amount of money, which ended in a bloody dispute. Subsequently, this dream became Cottier's scenario for explaining the «crime». You think to dream!

Consequence: François Légeret has been condemned to lifelong imprisonment for an alleged triple murder (in reality an accident), based on strictly nothing, and is now already jailed since 10 ½ years! The Marabou Cottier is a silly, hyperactive and arrogant magistrate, who has turned his Prosecutor's Office into a crazy house. He is neither placed on the right side of History.

Two dozens of Vaudois/Swiss/European magistrates have subsequently confirmed this condemnation mounted from scratch, because no superior instance has ever read the file, which would have allowed them to discover the source of the inspiring dream. As usual, they limited themselves to take over the first judges' procedural truths by «copy/paste». The last one in this flowing ribbon was the «judge» of the European Court of Human Rights (ECHR), Nebojša Vučinić from Montenegro. He declared the complaint of François Légeret inadmissible, sending him the infamous half page text module which proves that the European judges do not even read 98 % of the incoming complaints.

Vučinić and his colleagues at the ECHR are neither placed on the right side of History. These extremely well payed magistrates are refusing to earn their money doing an honest job by delivering the expected quality products. The Ségalat affair has demonstrated exactly the same. This system is breeding arrogant magistrates as Cottier, or even corrupt government officials as Parrone. System to be abolished! According to the Croat-Swiss physicist Ivan Sladoljev, the tyrants in Strasbourg are destroying the European civilization, since they tolerate the barbarian capitalism and the related unlimited corruption of the judiciary officers in countries like Croatia. The news coming from Montenegro are as well alarming, etc.

Dear Mrs. Karapetyan, together with the journalists Joël Cerutti, Ian Hamel, Patrick Nordmann, Sabine Pirolt and Jacques Secretan, you have placed yourself by your written reply of June 29, 2016, reacting on my circular letter dated June 17, 20016 on the right side of History. Other politicians and journalists will follow. Gratefully, I remain sincerely yours.
