The Swiss Federal Prosecutors Office – a criminal association

Mrs. Fauquex,

Since 5 months I did brief your Office extensively about the decline of the Swiss Constitutional State. **By mail dated July 27th**, 2016 you have finally honoured me with a written reply. You mentioned only my messages between March 11th and June 6th, 2016. However, the reader has the option to consult the more recent letters on Internet: www.worldcorruption.info/ulrich.htm

On page 2 of your letter you did specify the core tasks of your Office, among others **the Protection of the State, the struggle against crimes committed by federal clerks**. At the end you added: «Beyond all that, the Federal Prosecutors Office delivers by way of its performance an essential contribution for preventing the big transboundary crime.» You are boasting your own brilliance. Follows your conclusion: «The study of your writings and their enclosures do not fulfil the conditions for having the Prosecutors Office of the Swiss Confederation to engage action... ».

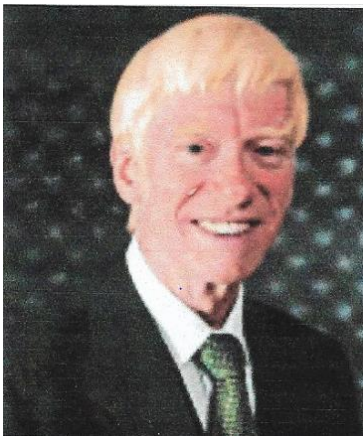

After all, I have denounced to Mr. Lauber **by letter dated June 3rd, 2016** the following high ranking officers to be corrupt/to have failed to do their duty:

- Roland Max Schneider, retired Federal «Judge»
- Miriam Forni, Penal Federal «Judge»: www.swiss1.net/info/aap/forni
- The Federal Prosecutors Hansjörg Stadler, Yves Nicolet, Nicolas Cruchet
- Michael Lauber, «Attorney general» of the Swiss Confederation.

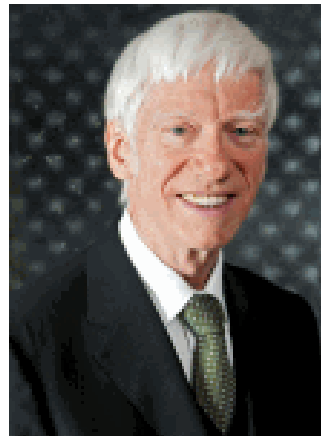

*Certainly, Mr. Lauber and his subordinates cannot investigate against themselves. Your excuse must be interpreted that way, when you claim the conditions not to be fulfilled to act. The mentioned letter did serve you on a silver platter the names of 7 victims of corruption of these federal officers, of which you got indicated 6 handy numbers. The seventh victim is actually in jail, but this man has written on June 16th directly to Mr. Lauber. **How can you pretend the conditions not to be fulfilled, without having checked anything?***

The corruption and frauds of the Federal «Judge» Max Roland Schneider have been denounced massively since April 2001, and his misdeeds are still documented on Internet www.worldcorruption.info/schneider.htm

Anybody can easily check it, even you. And you just dial the 7 cell phone numbers.

The Omertà Helvetica is protecting him. The Swiss have got a problem:

The Swiss Federal Prosecutors Office is a criminal association.

Your selective blindness is not mending the situation.

Regards,

Gerhard Ulrich, Swiss dissident

*PS: The book - The Panama Papers (Obermay/ier, Editions Oneworld) informs us that the Lawyer from Zürich Christoph Zollinger*** has been a Partner of Mossfon. Marc-Etienne Burdet has discovered that Zollinger was member of the board of the UBS Bank in 1994, jointly with Christoph Blocher and Johann Schneider Ammann – actually Président of the Swiss Confederation:*

Obviously, our politicians do not care about the Constitutional State.
