## ***Censor helveticus***

*To you, Mr. de Weck,*

*On April 20, 2016, I wrote you: «One can imagine that the censorship in your house has reached such a level of efficiency to let even you believe that Switzerland is really a Constitutional State». And I had added a copy of my voluminous mail sent on March 31st, 2016 to the Attorney General of the Confederation = chief engineer of corruption in our country, Michael Lauber, containing evidences of corruption. Of course, you did never acknowledge receipt, nor of this mail, nor of the messages sent to you subsequently.*

*On September 4, 2016, I caught the opportunity to hand over personally a hard copy of my **4th denunciation** + all related enclosures of the corrupt and fraudulent federal «Judge»*

«In Switzerland, censorship does not exist, but it is functioning there very well.»

Kurt Tucholsky

*Schneider to your presenter of the Television of French speaking Switzerland, Martina Chyba, participating at the fair Le livre sur le quai, here in Morges.*

*She confirmed politely to receive regularly my e-mails, as all other 200 journalists on my list, and that she will study the submitted file. We both know that she does not have the liberty to publish this scandal. The censorship is in this country much more efficient than in China, since the Chinese are aware to be censored – whereas the Swiss are ignoring it blissfully.*

*You apply this censorship wanted by our cunning politicians. Evidence: Extract from the file of the Federal Prosecutors' Office (8 federal «Judges» contra G. Ulrich), URA VU.2004.48, file 4, page 14-00-01-0049:*

*«05.07.2004: Die Subkommission Gerichte der beiden Geschäftsprüfungskommissionen der eidgenössischen Räte beschwerten sich bei Herrn Armin Walpen (your predecessor), Generaldirektor SRG SSR idée suisse, wegen der Sendung *Les naufragés de la justice* des Fernsehens TSR vom 27. Mai 2004»*

*(The sub commission of the Courts of the two administrative commissions of the federal Chambers are protesting to Mister Armin Walpen, Director General SRG SSR idée suisse, because of the broadcast *Les naufragés de la justice* of the Television TSR of May 27, 2004).*

*Like your colleagues of the heavily subsidized mass media Roger Köppel/Die Weltwoche, Hanspeter Lebrument/Somedia, Christoph/Michael Ringier, Pietro Supino/Tamedia etc., you are partners in crime with our shrewd politicians. Consequently, practically all your journalists did castrate themselves. And Switzerland, enjoying the false image of being one of the least corrupt countries, is succumbing to this plague. You are contributing decisively. **You are not earning your fat salary as a Director General of the governmental Radio and Television, but for your job as censor helveticus.***

*To you, Mr. de Weck*
