***Denunciation of the «Prosecutor» VD Stéphane COLETTA,
for violation of article 49 of the Telecommunications Law
and abuse of authority***

Mr Attorney General,

Switzerland is censoring Internet the same way as China, by falsifying the DNS. But in contrast to the Chinese, the brave Swiss citizens ignore to be censored. Until now, your workshop did exercise censorship by secret procedures. Since October 5, 2016 your minion COLETTA does it by order to the concerned parties. See copy of his order PE13.012968-STK of October 5, 2016 enclosed). He did order among others «the confiscation» of the Web Site www.worldcorruption.info where I am publishing regularly judiciary corruption affairs of this beautiful canton of Vaud (see letter head). Example:

www.worldcorruption.info/index_htm_files/gu_krieger-e.pdf

I am thus directly concerned by this illegal censorship, and legitimated to constitute myself as a civil party.

Any restriction of a fundamental right, as is the freedom of expression, has to be motivated by a legal basis. Heavy restrictions have to be foreseen by Law. Hence, no regular court has ordered the censoring of the «confiscated» Internet Site. In addition, the political discussion may not be suffocated and our denunciations of the Judiciary dysfunctioning is without any doubt a political plea, in the public interest. This means that said censorship is anti-constitutional. To be stopped immediately.

Until now, only Swisscom/bluewin rushed to censor said Internet Page, since Saturday, October 8, 2016, although the Colettian Ukaz is far from having become enforceable. For that reason, my denunciation for violation of article 49 of the Telecommunications Law is extended as well against Mr. Mario ROSSI of Swisscom. However, if Swisscom shall diligently cease to violate the law and to cheat the Swiss population, I am disposed to withdraw this denunciation in their regard.

*Obviously your foal COLETTA wants to gain your favour. Not only are your secondos dreaming to get compensated by future promotions. Alas, the Chess player COLETTA seems to have engaged himself on a dangerous path, wanting to suffocate corruption scandals which are abounding in this canton, by censoring www.worldcorruption.info with your blessing. He is strongly risking to end his career in jail. Yourself, you are too silly, fort that one could punish you – being the champion in the Guinness' Book of Records of condemnations without any evidences and confessions (**François LÉGERET, Laurent SÉGALAT**).*

Herewith I reiterate my challenge of all Vaudois Magistrates (see enclosed copy of my letter of October 5, 2016).

In conclusion, I request this denunciation to be investigated by personalities having the necessary moral and intellectual qualifications. I ask to be heard verbally.

Gerhard Ulrich
