***Denunciation of the State Councillor Pascal BROULIS
for mismanagement and membership to a criminal organization
to be transmitted to the competent authority***

To you, BROULIS,

You are an asset to the hidden Oligarchy and your physical appearance is misleading the Vaudois. You do have the look of an innocent schoolboy or expressed otherwise, one would give you the communion without confession. In addition, since your appointment as the Minister of Finance of the Vaudois, you managed to improve considerably the financial situation, having been a disaster before. What is it all about?

You have been informed of the publication of my book Bitter Pill for the Freemasons, editor Samizdat, and November 4, 2016:

www.worldcorruption.info/eng/gutknecht

Quotation from chapter V.4:

« Pascale BROULIS has been informed repeatedly about the fiscal irregularities of the real estate tycoon **Patrice GALLAND**. In the interest of the State, he should have acted. He remained mute. Vaudois socialist Members of Parliament explain this inaction by the interest of the radical party to get hidden financings –

GALLAND is probably a generous donator to the PLR, yielding in turn financial indulgence. »

*BROULIS, you did not contest this fact. Your silence has to be assimilated with a tacit admission. **In conclusion, you did sanitize the Finances of this canton on the back of the small tax payers, pressing them like lemons, but by granting illegal favours to the hidden oligarchs. This is mismanagement.***

*Extracts from www.worldcorruption.info/index_htm_files/gu_krieger-e.pdf :
« Already on June 3rd, 2004 Mr. C. PEGUIRON of the Finance Department VD had presented to Patrizia RATHGEB a purchase offer of land. (...)The State of Vaud did acquire that land unbeknown by the real owner, Werner RATHGEB, by transaction of February 9, 2005 at the price of CHF 4.-/m2, whereas the land had been acquired 18 years earlier for the price of CHF 12.80, without taking into account the subsequent infrastructure investments.*

*(...) Patrizia RATHGEB is a thief and **the State of Vaud a receiver of stolen goods, an active accomplice in fraud.** »*

You BROULIS, were responsible for the Finances VD at that time. You are thus belonging to a criminal organization.

Since February 26, 2016 I sent you at least a dozen of mails containing concrete information concerning the state banditry committed in the canton of Vaud: www.worldcorruption.info/ulrich.htm . But in your book « Fragile pouvoir », editor Mon Village, 2016, you have the guts to write the following sentences:

« I defend the power as an essential prerequisite to freedom, to peace, to economic dynamics, to social progress, provided to be embedded, controlled and that it is not endorsed with brutality. (...) Then, the power is separated between the executive, the legislative and the judiciary... »

*That book is pure public relation, which you are spreading on behalf of the hidden oligarchs, with the aim **to misinform the public opinion**. In reality, there exists no separation of powers but a sharing of the tasks for exploiting the State of Vaud as it was the private property of the oligarchs who do as well command the 4th power – the Mass Media. You, BROULIS, you abuse of your authority in an organized gang, assuming the misleading role to be a solid household manager. As a matter of fact, you are ambushing the Vaudois*

To you, BROULIS
