*cc: To about 200 journalists – To whom it may concern*

*Your interview given to the chief editor  
Ariane DAYER of the **Matin Dimanche** of February 12, 2017*

## ***Geneva – the Worlds’ Capital of Money Laundry***

*Mister State Councillor MAUDET,*

*Of course, the mainstream journalist Ariane DAYER did avoid to make the slightest statement concerning the dysfunction of the judiciary apparatus of Geneva/Switzerland. She is representing the Swiss Mass Media who are strictly applying censorship on that subject.*

*According to my own experiences, your judiciary Magistrates are abusing among others of the psychiatry. See:*

*Mohamed El GHANAM is the most scandalous case: This opponent to the regime of MOUBARAK has been Colonel and a clerk within the Ministry of Interior of Egypt. In 2001 he requested and did obtain political asylum in Switzerland. In 2003 he informed the British journalist Robert FISK to be harassed by the Swiss secret services because he was not willing to cooperate with them. Since 2007 he is detained without having had a proper trial, first in the prison of Champ-Dollon GE, and since November 2013 at the psychiatric hospital Bel Idée GE, although Egypt has requested his liberation after the disappearance of the MOUBARAK*

*regime in 2011; the few persons in contact with him are confirming that he is mentally all right:*

*Apparently Mohamed El GHANAM has made the mistake to get established in Geneva, where the MOUBARAK Family had benefited of the help of the Swiss bankers to laundry their money.*

***Is it correct that his contacts are subject to police authorizations, i.e. directly controlled by you personally, Mister MAUDET ?***

*On February 10, 2017, Le Monde has reported that Jürgen MOSSACK and Ramon FONSECA MORA have been put in pre-trial custody by Panama. You are perfectly informed that their main affiliate is based in Geneva. Indeed, MOSSACK FONSECA did play already a major role in the distribution of the booty of the first Gulf war after 1995, managed basically in Geneva:*

[www.worldcorruption.info/historique.htm](http://www.worldcorruption.info/historique.htm)

*At that time, the successive Attorneys Generals of Geneva Bertrand BERTOSSA (socialist) and Daniel ZAPPELLI (radical-liberal as you) did cover that planetary fraud.*

*Today, the Attorney General of Geneva, the sulphurous Olivier JORNOT (radical-liberal) is manging the Prosecutors' Office GE (condemned in 2004 in the Canton of Vaud for assault charge and he has had an unchallenged illegal intimate relation with one of his Lady prosecutors). Will we really see the day when the Attorney General JORNOT will open a penal enquiry against the responsible managers of MOSSACK FONSECA in Geneva, and among others the Chevaliers de la Légion d'honneur, the lawyers Marc BONNANT, Dominique WARLUZEL and all the other nice people of Geneva/Switzerland showing up as contractors/industrialists fattened with laundered money to an unprecedented extent?*

*I really doubt that you politicians of Geneva/Switzerland, including the Chiefs of the Swiss Corruption Corporation in Bern will let the Constitutional State to be re-established in this country. We claim their dismissal:*

*To you, Mister MAUDET, Minister of « Security and Economy » of the Worlds' Capital of Money Laundry*
