Corruption affair to the benefit of the VAUDOISE ASSURANCES

To you, MASCHERPA,

*I refer to my mails of [17.06.16](#), [29.07.16](#), [05.10.16](#), [11.10.16](#) and [03.12.16](#) addressed to the «Attorney General» VD, **Eric COTTIER**, and published on Internet. Since 17 years I am exploring the Continent of judiciary dysfunctions. A year ago, I considered **COTTIER** to run in the category of the silly hyperactive. With the increasing number of discoveries, I came to reconsider my assessment. I needed 16 years to fall incidentally on an obvious freemasonic plot: www.worldcorruption.info/eng/gutknecht.htm*

Today, our knowledge of your cheatings permit to identify him as the boss of the infernal machine in the service of the Oligarchy.

*Your **COTTIER** surrounded himself with devoted auxiliaries. At the time, he was supported by his No 2 **Jean TRECCANI**, and the «Prosecutors» **Nicolas CRUCHET** / **Yves NICOLET**, promoted «federal Prosecutors» thanks to their performances in judiciary crime. Their departure did not empty his nursery. He remained with 54 «Prosecutors», hungry to develop a nice career, e.g. **Eric MERMOUD** and **Jean-Pierre CHATTON**, as well as many other ambitious servants, prostituting themselves for pleasing to the Nomenklatura, for making a nice career...*

The whole lot is well covered up by censorship. In my letter addressed to your freemasonic brother Roger DE WECK of 05.09.16, former boss of the Swiss State Radio/Television, published on the Web, I demonstrated that the Confederates do have the most sophisticated censorship worldwide: much better performing as in China, since the Chinese are aware to be censored, whereas the Swiss ignore it blissfully.

***Franz MOOS** is today the number 2 at the Vaudois Prosecutors' Office. We just did publish in the Net the filer*

Corruption affair to the benefit of the VAUDOISE ASSURANCES

***MOOS** did manoeuvre with **COLELOUGH**, probably the most corrupt Swiss «Judge», formerly the close brother of the late Lawyer **Paul MARVILLE** who was forced in 2014 to take the Pill of the Freemasons. Béchir SEBEI, victim of a labour accident on January 22nd 2008, today disabled and materially ruined as a result of a scandalous trial performed by your brothers, has been the subject of criminal procedures. The Vaudois «Magis-rats» had the penal procedure let drag on. The general contractor of the construction site, where the accident had happened, should have activated its civil responsibility insurance (La Vaudoise Assurances).*

The minutes of operations of the penal file are revealing the following:

- 29.10.2014: Debates fixed for Tuesday 6, Wednesday 7 and Thursday 8 January 2015 (...) (i.e. 2 weeks before prescription).
- 20.11.2014: Attribution of the affair to Philippe COLELOUGH.
- 08.12.2014: Called to compare as witnesses: (...) A. LASHGARI, (...)
- 11.12.2014: Received: Mail from Alireza LASHGARI, 9.12.2014, witness unavailable at the date of the audience, + enclosure. (...)
Fax sent to the Lawyer TIÈCHE concerning the witness LASHGARI.
- 12.12.2014: Lawyer TIÈCHE is renouncing to the witness LASHGARI.
Exemptions to appear for Alireza LASHGARI – (...)

*LASHGARI was the key witness in that affair. He had indeed booked a flight ticket on December 1st 2014. The Lawyer of SEBEI renounce to his appearance, behind the back of his client. LASHGARI has told me on May 13, 2017 that he would have indeed postponed his departure, if asked for by **COLELOUGH**.*

***COLELOUGH** did let SEBEI lose his trial for saving to La Vaudoise Assurances 1.5 mio CHF civil compensations.*

To you, Jean-Michel MASCHERPA
