**Mr. Zeid Ra'ad AL HUSSEIN**  
High Commissioner for Human Rights  
OHCHR – Palais Wilson

***Complaint against Switzerland for violation of the articles  
1, 7, 8, 10 & 17.2 of the Universal Declaration of Human Rights of the UNO  
Inventory of the loopholes***

*Excellency,*

*I refer to this complaint addressed to you on June 21<sup>st</sup> 2017 by registered mail (Trace and Track of the Swiss Post number 98.00.111001.03691234). Your office did not yet acknowledge receipt.*

*This report has been copied by mail to the following 3'400 recipients:*

- all accredited embassies in Switzerland + about 300 journalists*
- to the Network of SALVE EUROPA*
- to all Members of the cantonal Parliament and State Councillors of the Canton of Vaud and of some other Swiss Cantons*
- to all Federal Councillors and Members of both Swiss Federal Chambers*
- to all Members of the Council of Europe*
- to all Judges of the European Court of Human Rights*

*Please find enclosed the checked English Versions as hard copy and on USB-Stick, in addition to the French versions already in your possession.*

*A former Ambassador of Switzerland advised me to compile the enclosed **inventory of loopholes** concerning the 12 analysed Vaudois corruption affairs, and to indicate for each case to whom the corruption had benefitted.*

*The common loophole for all these 12 affairs is the existence of the victims who are witnesses of the corruption. See enclosed address list. This will allow your institution to check the complaint not only by studying the submitted report, but by proceeding with efficient plausibility tests, by organizing the hearing of these witnesses.*

*The European Court of Human Right does never realize the slightest plausibility test, and this is explaining total failure of their court:*

*Your UN High Commission of Human Rights has thus the chance to tackle the judiciary disaster prevailing not only in Switzerland, but as well in most countries of Europe. If you dare to condemn Switzerland on the basis of the present complaint, a country which has wrongly the reputation to be a Constitutional State, you will achieve indeed a historical masterstroke in favour of the human society.*

*Looking forward to hear from you in the very near future, I remain sincerely yours*

*Gerhard ULRICH*

*PS: The former Swiss Federal Judge **Roland Max SCHNEIDER**, chemin de Praz-Lombert 8, CH-1080 Les Cullayes VD is reading me in copy. Since 16 years his abuses are denounced. So far, he never filed a complaint for offense of his honor.*
