***Dominique DE BUMAN – First Citizen
of the SWISS CORRUPTION CORPORATION for 2018***

To you, Dominique DE BUMAN, like your late brother Jean-Luc (Money Launderer) offspring of a Predator Family of Fribourg,*

On May 24, 2006 you told Daniel CONUS outside the Tribunal de la Sarine in Fribourg in the presence of the journalist of La Liberté Roland ZÖLLIG: «The society (of Fribourg) is totally rotten. It is just working with cronyism». Since we did publish it, a nationwide punishment hurricane went down on you with some time lag between June 8 and 26, 2006 (see attached list of press articles).

Like the naive journalists, I was as well considering that you had committed a blunder. At that time, a penal investigation was threatening you for fraudulent management of the Old Pension Fund of the City of Fribourg. Suddenly, this investigation faded away. This means that you had blackmailed your cronies in politics and the magistracy with cynical calculation, according to the strategy: I got you, and you got me at the balls.

With this method you managed to be elected by 160 Members of the Federal Chambers as the leader of the dirty gang of our politicians for the coming year. You succeeded as a blackmailer among blackmailers. It is an absolute catastrophe for the Swiss Confederation, how you turned upside down our country. Nowadays, our most important product of export is corruption. We degenerated to become the colonialists of corruption. Corrupt and psychopathic Oligarchs in- and outside our country are keen to buy your output. A crisis resistant business. Our bankers are securing the business concept, by listing the politically exposed persons and are not afraid, if need be, to blackmail those

Presidents, Prime ministers and Ministers, who's money they are hiding (La traque des lanceurs d'alerte. Stéphanie GIBAUD, éditions Max MILO, 2017).

You did place crooks into the positions as prosecutors and judges – your engineers of corruption. And our Federal Councillors are caring to sell Switzerland as the example of Democracy and Constitutional State, deploying an excellent but hypocritical Marketing.

The SWISSCORRUPTION CORPORATION is a rope party. Its actors made the monumental mistake in 2006, not to let you fall down to precipice. The whole rope party is now facing that risk.

We judiciary victims have put on rail a precedent of your future downfall in the Canton of Vaud. I kept you indeed informed about the progresses. We speak about the case of the farmer Jakob GUTKNECHT. See:

www.worldcorruption.info/eng/gutknecht.htm

Therefore, I had to compare on November 27, 2017 in Yverdon before the Judge Véronique PITTET-VUILLÈME. Of course, she sentenced me after a historical show trial to 100 days in jail. But we did manage to publish this classical Freemason plot at the costs of GUTKNECHT throughout Europe:

The Vaudois Freemason rope party missed as well to let fall down their brother Claude BUDRY in time. This has sealed their fate. This will give you a foretaste of what is expecting you: We are not at all demanding to cut off your heads, but to assume your responsibility for the astronomic damages you did cause in the country and abroad: Your assets and those of your accomplices in the magistracy and economy have to be confiscated, for providing indenisation to your victims, as far as this will be at all possible.

Step down with immediate effect, for signalling your insight!

To you, Zampano of the SWISS CORRUPTION CORPORATION

Gerhard ULRICH of Guntalingen

PS: Switzerland is censoring Internet. Afraid to loose their jobs, no Swiss journalist dears to break the censorship of the Mass media. The height of absurdity: contary to the North Coreans, the Swiss Confederates believe blissfully the fairy tale of the freedom of press !
