The Omertà of the 4 powers at the costs of a Nonagenarian

To you, Mrs. President,

Subsequently to my petition of [March 15, 2018](#), submitted to the cantonal Parliament, 3 press articles were published concerning Mrs. Rita ROSENSTIEL, victim of a forced placement in a home by the KESB system (20 minutes, L'illustré, Journal de Morges), but none did reveal the real scandal, for not straining the guilty Magistrates. No Statesman had the courage to present to her excuses on behalf of the authorities. One is observing a disgusting lack of civism at all levels.

On April 17, 2018, I presented to you Mrs. Madame ROSENSTIEL at the exit of the local Parliament, but you had no time to shake hands with her. I am of the opinion that you ought to her a reparation, since you claim to be a socialist, and living in Morges.

Enclosed to this letter, you will find her requests formulated today to the address of the Judge of Peace in Morges, as well as her memorandum. Please not that this

94 year old Lady wrote this memorandum herself! Nobody can say, that she was manipulated by ULRICH (enclosure 1).

In the logics of her writings I formulatde 2 denunciations, one directet against the former Trustee, Jean-Pierre GOETSCHMANN and the «Judge of Peace» Véronique LOICHAT MIRA for forgery – and another one for fraud against unknown person (enclosure 2).

One must take the time to read the memorandum of today and the autobiography of Mrs. Rita ROSENSTIEL, written at the age of 93 / 94 years! It is unbearable that no Vaudois Member of Parliament, no State Councillor, no Magistrate and no journalist did have the administrative politness to acknowledge receipt of her autobiography dispatched to them in March.

It is incredible that no one has reacted to my last alert of July 3rd, 2018 «The distress of Rita ROSENSTIEL». Oh tempora, oh mores !

Whichone of the 4 powers will ulitimately decide to cease wanting to sit out the crisis by waiting for the disappearance of this senior victim by radio silence or playing with disinformation? When comes the end of the Omertà for «raison d'Etat» ?

Sincerely yours

Gerhard ULRICH of Guntalingen
