Did you say «Conspiracy theorists»?

Mister RAIMONDI,

Every judiciary victim is feeling spontaneously the existence of this conspiracy. I experienced it not only through my humble person, but as well when studying all judiciary scandals which I got to know. The condemnation to lifelong imprisonment of [François LÉGERET](#) without any confession nor evidence, and even in spite of well documented exculpatory evidence is dispelling the last doubt. But if you speak about this conspiracy, the Lying press is denigrating you as a «Conspiracy theorist».

On Internet one is finding that very competent academics did substantiate a long time ago the really existing conspiracy of the worldwide oligarchs:

The Professor [Francois-Xavier VERSCHAVE](#) (†) described it from the French perspective.

Dr. sc. ETH [James B. GLATTFELDER](#) evidenced the existence of the worldwide cartel scientifically.

The German [Holger STROHM](#) is exhibiting the stranglehold of the worldwide censorship. Google, Youtube, Facebook, change.org etc. are all collaborating.

A Video movie of the American Dr. [Jorge MATA TORRES](#) is convincing with the efficiency of a hammer blow.

[Frédérich Hartmut BERGER GÖTZ von Berlichingen](#) is describing the functioning of the Bilderbergers (called the world government).

However, how can this knowldege be served to the world public, in spite of the Omertà imposed by the oligarchs?

A very great pioneer in this context is [Ivo SASEK](#), the founder of www.kla.tv and the Anti-Censorship-Coalition (AKZ) across borders of religions, races and countries. The writer has attended on August 11, 2018 the 15th annual AKZ-conference in Chur / CH. 3'000 participants, primarily from Germany, Switzerland and Austria! Heavyweight presenters as e.g. the author [Heiko SCHRANG](#):

«Ihr Richter passt auf! Die Leute wachen auf.»

(You Judges whatch out! People are waking up.)

The Journalist and book author [Gerhard WISNIEWSKI](#) (author of the annual book serie «verheimlicht – vertuscht - vergessen») concluded his presentation self confidently of the coming victory:

«The ones up there will be surprised to have to acknowledge, what we know about them.»

No, we are not Conspiracy theorists, but Conspiracy revealers!

To you, Guido RAIMONDI

PS:

The cartel can even distroy careers of diplomats, as the one of the French Lady [Françoise NICOLAS](#), who was sacrificed to the „raison d’Etat“.
