**Opposition against the election of December 5, 2018  
of Viola AMHERD as Federal Councillor**

Mrs. President of the United Federal Assembly,

Switzerland is governed by the center/right political parties. The corrupt politician is the rule among them, and not the exception. The most corrupt party is the CVP (Christian Democratic Peoples Party). How this party is functioning is demonstrated with the example of your predecessor Dominique De BUMAN:

[www.worldcorruption.info/index\\_htm\\_files/gu\\_2017-12-23\\_de\\_buman-e.pdf](http://www.worldcorruption.info/index_htm_files/gu_2017-12-23_de_buman-e.pdf)

The United Federal Assembly elected on December 5, 2018 the CVP woman from the Upper Valais, Viola AMHERD (in French pronounced «A-merde») to succeed to the Federal Councillor **Doris LEUTHARD**. The party Commission of Ethics, chaired by the former President of the Federal Court, **Heinz AEMISEGGER** delivered beforehand a certificate of good conduct. The mail of a fraud victim of AMHERD was ignored (*enclosure 1*).

**AEMISEGGER** is him-self a crook [www.worldcorruption.info/index\\_htm\\_files/gu\\_aemisegger-d.pdf](http://www.worldcorruption.info/index_htm_files/gu_aemisegger-d.pdf)

For this reason he has been pushed by his CVP to be elected Federal Judge at the time. He has thus a debt towards the corrupt CVP, explaining, why he did give the green light concerning AMHERD.

**Herewith I submit my Opposition against this election.**

**Motivation**

Viola AMHERD has contributed intentionally to a fraud of the social security at the costs of one of her victims. See:

The only reason, why she is not yet jailed is that the CVP Cronies of the Upper

*Valais are involved. Everybody is covering everybody in this plot. The conflict of interests cannot be overlooked: The Justice of the Valais ceased to function.*

*You, Members of the Federal Chambers, who did elect AMHERD, you were in the fundamental error, believing to deal with an honest candidate. This is not the case – her election thus invalid.*

*The Prosecutors' Office VS is obviously part of the plot with the frauding Lawyer AMHERD. The penal complaints against her were never dealt with. We are in the presence of an open conflict of interests. The State Councillor VS Roberto SCHMIDT has perfectly understood the situation during a hearing of Sept. 17, 2018 ([enclosure 2](#)). Therefore he recommended to the victim to appeal to the President of the Commission of Justice. And that Lady advised the injured person to return to the Prosecutors' Office. The serpent is eating its own tail.*

*You will of course invoke the separation of powers. You mean certainly the constitutional state wanted by Montesquieu. But he did not speak of separation, but of «répartition équilibrée des pouvoirs». Thus not separation but distribution of powers.*

*In the present case we are facing the criminal association of the CVP lawyers and Judges of the Upper Valais. Therefore one does need «checks and balances». The Judiciary is surveying of course the Parliament and the Government. Nobody does interpret it as a violation of the separation of powers. Logically, the first and the second power are thus as well authorized to restore the order within the third power, when nothing is working any more because of the conflicts of interests.*

*As you know, Swizerland is illegally censoring our web sites. See:*

*Fortunately, it is easy to circumnavigate it, e.g. with the Software NordVPN or a Proxy like <https://kproxy.com/>*

*Sincereyl yours*
