Universal Declaration of Disillusionment

The connectivity of local judiciary disfunctionning with the New World Order

To you, Rémy JAQUIER,

The crimes committed by your judiciary Magistrates to the damage of [Rita ROSENSTIEL](#) are well known:

www.rts.ch/play/tv/mise-au-point/video/entree-forcee-en-ems?id=9830854

Put abusively under guardianship, her guardian forced her to enter into a retirement home and has stolen / destroyed her complete household. Since March, I inform you that the cronies of your «Ripublique» are covering the executors of this ninetyfive year old Lady. They never appologized. No reparation! By letter of December 3, 2018, I denounced your Attorney General [Eric COTTIER](#), having swept away my denunciation of the theft with the lie that one could not judge twice the same case. In the present case, no condemnation of the violators was ever pronounced. [COTTIER](#) knows it perfectly and is acting with bad faith.

*By letter of December 17, 2018, you insinuated that [COTTIER](#) just carried out «his mandate and prerogatives granted to him by law». Alas, the law does not permit any tyrant to violate it. **Herewith, I request a formal decision, indicating the ways of appeal.***

In spite of his brutality, you want your coreligionist within the Judiciary to stay in place: www.worldcorruption.info/index_htm_files/gu_cottier-e.pdf

And you are endorsing these abuses with the hypocrisy of the politicians as you are, taking direct advantage of the widespread corruption. In our country, the corrupt politicians are the rule, and not the exception. You are placing corrupt magistrates into power for obtaining in turn your impunity. It has been demonstrated that the Swiss Federal Court and the European Court of Human Rights are covering local judiciary disorders:

On June 21st, 2017 I denounced 12 Vaudois cases of corruption to the High Commissioner of the Human Rights of the UN. 2 days later, my complaint was returned to me: www.worldcorruption.info/index_htm_files/gu_2017-06-21_ohchr-e.pdf

Switzerland is censoring illegally our Internet sites for hiding to the population that Switzerland is the most corrupt country in this world. Complaint deposited on June 26, 2018: www.worldcorruption.info/index_htm_files/gu_2018-06-26_cramer-e.pdf

No reply.

The High Commissioner of the Human Rights of the UN is not only overshadowing my complaints. I know Frenchmen and Germanans who did make the same frustrating experience; The UN is not caring about to implement the marvellous Universal Declaration of Human Rights of December 12, 1948. It is just a brilliant screen, behind which the planetary Establishment does enslave us. The Spaniard Javier MARZAL / European Movement for Justice is stating that «they were never realized, in no country they are applied, and there exists no mechanism at all to have them respected.» This UN agency is an enormous trickery, having the aim to deceive the world. His purpose is to feed diplomates and clerks on our back.

Impossible that this is just a simple carelessness. The dictatorship of the judiciary systems around the world is intentional. Just one power is in a position to impose this slavery: the Bilderbergers.

Herewith, the local judiciary disfunctioning with the New World Order of the Bilderbergers is demonstrated. Quod erat demonstrandum. Logically, one has to launch to the population of this world the Universal Declaration of Disillusionment.

Sincerely yours

Gerhard ULRICH
