The assassination attempt at the costs of the late Jacques ROMANENS, covered by the Vaudois politico-judiciary mafia

www.worldcorruption.info/eng/romanens.htm PE17.018395-KEL-lpv

To you, Katia ELKAIM,

You summoned me to compare on April 16, 2019, since the «Prosecutor» Bernard DENEREAZ did practize the assusation inversion. He condemned me by decision of December 4, 2018 to 4 months in prison, for having said the truth, following the example of the late Suzanne SCHAER: The Vaudois politico-judiciary mafia has indeed covered an assassination attempt at the costs of the senior, seriously disabled Jacques ROMANENS:

www.worldcorruption.info/eng/romanens.htm

Your judiciary apparatus does not have any legitimacy left. By decision of a citizens' jury, the President of the cantonal Court Eric KALTENRIEDER and the Attorney General Eric COTTIER were condemned on January 23, 2019 unanimously for corruption. They have been promoted by the Vaudois Members of Parliament, who were not legitimately elected. The rigth of freedom of expression has been suppressed during the last election campaign:

www.worldcorruption.info/index_htm_files/gu_2017-10-03_broulis-e.pdf

However, you have the chance to prove to be an independant and neutral Judge. Since a penal trial ought to be contradictory, I inform you to have summoned the 7 principal magistrates, guilty of complicity of assassination attempt, to answer each of them until March 31st, 2019 to 3 questions. They are invited to reply to me

with copy to you to the presented questions in writing. In the absence of motivted answers from their side, the allegations contained in the questionnaires will be reputed to be admitted and undisputed before the citizens jury which will come into being for judging them.

I agree that it is an unusual procedure. However, I am quoting the wise advise of Vincenzo VELA:

«Tutte le vie che derivano del vero sono buone. Quelle che derivano delle regole e delle procedure possono essere fallace.»

(All paths which are deriving from the truth are valid. Those which are deriving of rules and procedures may be misleading.)

The first duty of a Judge is the search of the truth. Take advantage of the opportunity to demonstrate that you are an independent and neutral Judge. In case of no reply to the presented questions in the letters below, you ought to accept without hesitation the submitted allegations to be true. You will have to condemn the plotters for their hideous crime, and apply article 173.2 of the Swiss penal code concerning me:

«If the accused proves that the statement made or disseminated by him corresponds to the truth or that he had substantial grounds to hold an honest belief that it was true, he is not liable to a penalty.»

In memoriam of the late Suzanne SCHAER, ex-spouse of Jacques ROMANENS, who had the courage and the merit to denounce this crime.

Gerhard ULRICH

PS: Please complete, sign and return the attached transparency declaration until 31.03.19. Conditio sine qua non for me to compare.

Questionnaire for the «Prosecutor» Pascal GILLIERON

1.

Allegation: The Prosecutor Pascal GILLIÉRON operated during 3 years and 7 months for «investigating» the complaint of late Jacques ROMANENS, without ever inviting the plaintiff for answering questions, for delivering ultimately the closing decision of April 13, 2015, after having been relaunched by the succeeding Lawyers of the plaintiff with 3 dozens of requests, and even a complaint for judiciary denial (evidences in the file). According to GILLIÉRON (see his letter of March 22nd, 2013 to the cantonal court), an assassination attempt against a senior person does not have a high priority to him. Since the start, GILLIÉRON had the intention to cover this crime.

Question: Do you want to contest these allegations, and with which arguments?

2.

Allegation: As any Prosecutor, GILLIÉRON is jailing petty criminals in pretrial custody for the needs of investigation. But he did not do it with Augustine ANKER, accused however of assassination attempt. This allows to conclude that he became from the very beginning an accomplice of the crime.

Question: According to what kind of criteria did you choose to summon this angel of death just as a «person summoned for providing informations» - a whole year after the crime?

3.

Allegation: For provoking changing of versions/contradictions, Prosecutors are used to repeat interrogations and to organize confrontations etc. In the present case, GILLIÉRON did interrogate ANKER just once, avoiding to confront her with the plaintiff or to interrogate seperately her accomplice, which would have resulted to yield contradictions. It is that the Prosecutor GILLIÉRON did not want to risk to loose control of the plot.

Question: How can you explain otherwise your inactivity

To you, ABRECHT Bernard, KRIEGER Joël and PERROT Guillaume

Gerhard ULRICH

Questionnaire for the cantonal «Judges» ABRECHT, KRIEGER, PERROT

1.

Allegation: In my data base, ABRECHT Bernard www.worldcorruption.info/index_htm_files/gu_abrecht-e.pdf is labelled with 5 negative references,

KRIEGER Joël with 9 negative references

www.worldcorruption.info/index_htm_files/gu_krieger-e.pdf and PERROT Guillaume with 7 negative references.

They did become cantonal Judges, after having evidenced to be reliable plotters of the Vaudois politico-judiciary mafia.

Question: By which arguments are you contesting the existence of ungoing serial dysfunctioning for deserving your brothers and sisters?

2.

Allegation: The trio ABRECHT, KRIEGER and PERROT did issue the decision of July 6, 2015, confirming the closing decision of the «Prosecutor» Pascal GILLERON of April 13, 2015, although it is established by the physicians of the CHUV of June 27, 2011 as well as by attestation of the family physician, Dr. G. BLANC on December 11, 2013 that the pneumonia of the plaintiff Jacques ROMANENS has been caused by broncho-aspirations suffered on June 17, 2011, facts which have been demonstrated in detail in the appeal of May 6, 2015, evidencing medically the assassination attempt. With that decision, ABRECHT, KRIEGER and PERROT joined the accomplices of this crime.

Question: You had access to the file for issuing your hideous decision. How could you ignore the existence of these overwhelming evidences?

3.

Allegation: A prosecutor has to respect the principle "in dubio pro duriore" (when doubtful, for the tougher way). However, the «Prosecutor» Pascal GILLIERON has violated that imperative principle in a very blunt way, with the complicity of ABRECHT, KRIEGER and PERROT.

Question: What argument can you present for your defense for your failure on this point?

To you, Christian DENYS

Gerhard ULRICH

Questionnaire for the «Federal Judge» Christian DENYS

1.

Allegation: DENYS is Vaudois, and he succeeded to have himself elected Federal Judge, being a member of the small political party of the Greens, since he has proven beforehand to be a reliable accomplice of the Vaudois politico-judiriary Mafia. Actually, he is noted with 14 negative references in my data base, and with only 2 positive references:

www.worldcorruption.info/index_htm_files/gu_denys-e.pdf *Question: Do you have another explanation for your success to be today a Federal Judge?*

2.

Allegation: In the past, DENYS has been notably an accomplice for covering the crime of the Freemason Claude BUDRY
www.worldcorruption.info/eng/gutknecht.htm
and the two corruption cases at the costs of Béchir SEBEI
www.worldcorruption.info/eng/vaudoise.htm and Michèle HERZOG:
www.worldcorruption.info/index_htm_files/gu_colelough-e.pdf
in close cooperation with his former colleague at the Vaudois cantoanl court,
Philippe COLELOUGH, probably the most corrupt Judge in Switzerland.
Question: How do you want to contest the evidence to have covered the corruption
in these cases?

3,
Allegation: By ATF6B_856/2015 of September 16.09.16, DENYS declared the appeal of the late Jacques ROMANENS of September 4, 2015 as «inadmissible» for covering the the plot as a reliable accomplice of his Vaudois brothers. He did pretend that the nurses Augustine ANKER and Aurore BARBE, guilty of assassination attempt were not public agents, and consequently, the plaintiff had not the right to request reparation from the State. DENYS just omitted that an assassination attempt is a crime to be pursed ex officio, and the fact that the «Prosecutor» Pascal GILLERON, plotting with the cantonal «Judges» ABRECHT, KRIEGER and PERROT had been themselves accomplices of the crime.

Question: What arguments did you have to issue such a hideous decision?

Gerhard ULRICH

Questionnaire for the «Judge» Pierre BRUTTIN

1.

Allegation: BRUTTIN is labelled with 29 negative references in my data base: www.worldcorruption.info/index_htm_files/gu_bruttin-e.pdf
One may presume that he became the first Judge of the District court of Lausanne just because of his crooky acts in the interest of the Vaudois judiciary mafia.
Question: How can you reasonably explain otherwise your successful career?

2.

Allegation: At the start of his job career, BRUTTIN condemned especially Alain BOLLE on February 19, 1993 without avoval nor evidences to 11 years in prison for an alleged crime failed assassination (no victims, not even injured persons). This performance did boost BRUTTIN in his career.

Question: If it was to be repeated, would you have the guts to repeat that offence?

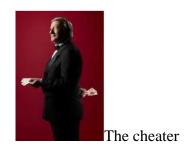

3.

Allegation: BRUTTIN did stiffle ex officio the assassination attempt against the life of a seriously disabled senior person, Jacques ROMANENS. The ex-spouse of this victim, Suzanne SCHAER did not let here to be intimidated. She denounced the horrible crime and payed a high price for her civic courage. On March 26, 2018 the dean of the Vaudois pénal Justice, the «Judge» Pierre BRUTTIN condemned her to 60 day-fines for alleged calumny:

www.worldcorruption.info/index_htm_files/gu_2019-02-03_InMemoriam-e.pdf He criminalized the eighty years old Lady with a vergin criminal record, who has had the courage and the merit to denounce the hideous crime, covered by the Vaudois politico-judiciary mafia. This regime must imperatively whiten the guilty clerks, by falsifying the facts, and be it on the back of an honorable senior person: www.worldcorruption.info/index_htm_files/gu_2018-04-16_maillard_e.pdf Question: Would you have at least the decence to make amends, for rehabilitating posthum this judiciary victim, who you deared to slaunder in the past?

Enclosure: attached questionnaire

Questionnaire for the «Prosecutor» Bernard DENEREAZ

1.

Allegation: The «Prosecutor» DENEREAZ did condemn me by decision of December 4, 2018, because I had denounced the crime at the costs of the late Jacques ROMANENS, which had remained unpunished: Actually, the author of this pamphlet, Bernard DENEREAZ knows perfectly that I had said but the truth, having denounced by civism the potential murderers. However, he is belonging to the interconnected Vaudois Magistrature. Evidence: his refusal to sign my request for transparency, concerning his possible membership to secrete societies. There exists an obvious conflict of interest.

Question: How do you explain your refusal of transparency?

2.

Allegation: In application of the jurisprudence of the European Court of Human Rights 2nd section, Affair N.F: against Italy, Request No 37119/97, Decison of August 2nd, 2001 which became definitive on December 12, 2001), DENEREAZ, determined to treat my affair, would have been obliged to certify to me on his honour and in writing that he has never belonged and is not belonging to Freemasonry and associated organizations such as Rotary, Lions, Kiwanis Club etc. DENEREAZ is fairing to be uncovered to belong to secret sects.

Question: How do you motivate your refusal to act in line with the above mentioned jurisprudenc of the European Court of Human Rights?

3.

Allegation: What I published concerning the late Jacques ROMANENS is only the truth. The corroborating analysis has been introduced as hard copies in the judiciary procedure file and are in addition available on Internet www.wordcurruption.info/eng/romanens.htm

I can evidence any time to have said the truth. Therefore, I have to be granted impunity according to article 173.2 of the Swiss penal code.

Question: How do you want to explain for having refused to search for the truth, by analyzing said publication?
