**Challenge to a TV disputation on the topic:
«The worldwide conspiracy of the oligarchs - theory or reality?»**

Dear Dr. ATTESLANDER,

We both took part in the 3rd public Swiss economic summit on November 9, 2019 in the Bern City Hall. In her main presentation, the organizer of the event, Theres SCHÖNI, courageously pointed out the pyramid of secret societies, which is exploiting the world population. I was very enlightened to learn that the current patron of the Swiss National Bank, Thomas JORDAN, belongs to the oligarchic Masonic Lodge Joseph MAISTRE.

You retaliated that you were shocked to have to listen to such conspiracy theories. You repeated the hackneyed argument that "belief" in this absurd conspiracy theory lives only on the stupidity of its advocates. I contradicted you in private. With the attached [short presentation](#) I prove that we are not dealing with a dogma of faith. Hard facts prove the real existence of the global plot.

I hereby invite you to a TV disputation on the subject. Various TV journalists, including Jonas PROJER, Arena/FDRS, Alexis FAVRE, Infrarouge/TSR read me in copy. In the absence of an invitation to such a disputation, it will once again be proven that the mass media are in the iron grip of censorship.

I'm looking forward to the invitation. Sincerely yours.

Gerhard ULRICH, Dissident
