Oliver LÜCKE

*Systemic corruption
in the magistracy of the aristocratic canton of Berne*

Citizens of Europe,

An insider reveals the mechanisms of these criminal rope parties in the aristocratic canton of Berne. Read the interview of March 24, 2020 with Bernese lawyer Oliver LÜCKE by Ardašir PÂRSE:

Mobbing against nasty lawyers in Switzerland: the case of Mr. Oliver LÜCKE
<https://parseundparse.files.wordpress.com/2020/03/englische-version.pdf>

Currently, 784 lawyers from different countries are on file in my database. I only know of four of them who have integrity. LÜCKE is one of them.

It demonstrates the existence of these Bernese rope parties, interconnected by networks with their buddies at the Swiss Federal Court and the European Court of Human Rights.

A few pearls extracted:

- « ...charges very quickly forged from scratch »
- « ...justification in part really absurd and stupid. »
- « ...opposition is unwanted and is immediately suppressed. »
- « ...the courts lie to themselves about what are supposedly politically desired reasons »
- « ...all of these judicial personnel ... are totally unfit for their duty. »
- « ...the worst traitors to the principles of the legal profession. »
- « ...corruption in Strasbourg is known and demonstrable »
- « ...The numerous incidents ... also show very clearly that it seems to be a whole network. »

And here's to top:

« Lawyers are only extras and their sole purpose is to create the illusion of a trial under the rule of law.»

Mr. LÜCKE has the merit of opening our eyes, with supporting evidence. He is bravely paying the price: parts of the judicial system are using repugnant, cowardly and execrable intimidation at his expense.

Let us hope that it sets an example for lawyers with a remnant of scruples to admit that the current judicial system is irredeemably degenerated, and is to be replaced by juries of citizens, organised as a civil service.
