***The «cyclist» Jacques ANTENEN  
extraordinary federal Prosecutor***

*Mister Federal Councillor,*

*To start with, I want to thank you for your gentle reaction to my letter dated February 18, 2007. See [www.swissjustice.net/fr/affaires/fr101\\_conus/2007-02-18fribourg.htm](http://www.swissjustice.net/fr/affaires/fr101_conus/2007-02-18fribourg.htm) This has triggered off as many reactions and moves within the judiciary apparatus of Fribourg that the reported denials of justice have now in the meantime been replaced partially by other denials of justice. See [www.swissjustice.net/fr/affaires/fr101\\_conus/2007-02-18freiburg.htm](http://www.swissjustice.net/fr/affaires/fr101_conus/2007-02-18freiburg.htm).*

*Let's now have a look at the actual nomination of the first investigating Judge of Vaud, **Jacques ANTENEN** to the position of extraordinary federal Prosecutor. 24 Heures has reported that the Federal Council did select this «fin limier» (sleuth) for investigating an affair concerning a collaborator of the Federal Judiciary Police ([html](#)).*

*A sleuth? Late Pierre ARNOLD would hardly agree. In his book «Quand triomphe l'injustice» (Scanwell Editions 2004, page 173) he did administer the proof that ANTENEN Jacques had produced 159 charges in the affaire of Jürg STÄUBLI, taking 7 years of investigation, which did cost millions of Francs to the tax payer. In the first instance, just 14 charges have been retained. It is thus demonstrated that ANTENEN had produced at least 90 % of waste. After the passing through the 2<sup>nd</sup> and 3<sup>rd</sup> instance, other charges were deleted. Pierre ARNOLD (former*

*boss of Migros) declared publicly his view that the youngster ANTENEN did let himself manipulate in that affair for losing himself in this judiciary debacle. Subsequently, the judiciary apparatus could not handle the case otherwise than by pronouncing a condemnation for not losing face.*

*ANTENEN Jacques does not possess a Lawyers' licence. In spite of this lack, the Vaudois cantonal court did lift him to his well payed function. One knew very well, what one expected from the man in that decision: an absolutely reliable Officer. Grateful, ANTENEN Jacques duly satisfied these expectations. 6 years ago, the author of this letter lodged a complaint for abuse of authority against 2 cantonal judges, since they had deprived the plaintiff from his personal affairs after he had been brutally expelled from his own house. ANTENEN miss formed the truth for covering the charged magistrates, using lies. See:*

[www.swissjustice.net/fr/affaires/vd100\\_ulrich/petition\\_grand\\_conseil/2007-02-07grandconseil.htm](http://www.swissjustice.net/fr/affaires/vd100_ulrich/petition_grand_conseil/2007-02-07grandconseil.htm)

*ANTENEN figures on or reference list [www.swissjustice.net/references](http://www.swissjustice.net/references) with 12 negative references, and the attributes «Denial of justice, forger, receiver, perjury, abuse of power – Covers his fellow Magistrates», as well as the annotations: «No party membership, but close to the liberals – Missed twice the examination of the Lawyers' licence in Geneva – Sport Judge for the 'UEFA – Report in the 24 Heures of June 10, 2003 (concerning the spouses Benoit)».*

*Mister Federal Councillor, of all that you will understand that you did make the absolutely right choice, since you can rely on ANTENEN Jacques in all circumstances. He will proceed with the investigations exactly according to your expectations, since ANTENEN Jacques is a «cyclist»: he bends his back against the top and is kicking downwards. What does it matter if honest citizens are spoiled? It goes without saying that it is of paramount importance that the Federal Council is practicing without any failing the separation of powers (for this reason ANTENEN was appointed extraordinary federal Prosecutor), in order that individuals like ANTENEN may perform their dirty job for the wellbeing of the Nomenclature.*

*However, you shall notice one thing: There exists only one morality. The Magistrates who are covered by the politicians after having cheated will always impose as good opportunists their personal interest, and certainly not that one of the citizens. O tempora o mores!*

*Sincerely yours*

*Gerhard Ulrich*

**Probably, ANTENEN is just a pawn. In view of his missed Lawyers' examinations (his weak point), he has been placed by the Freemasonry to the position as a Commander of the Gendarmerie vaudoise, as a docile, easy to handle henchman for the Nomenklatura.**
