www.gross-law.ch

Chairman of the Vaudois Lawyers Association from 1996 – 1998

President of the Swiss Laywers association from 1999 - 2001

President of the European barrister Federation from 2003 – 2004

President of the selfreglementation organisme of the Swiss Laywers and Notaries Association (struggle against money laundering) since July 2002: i.e. to trust the cat to keep the cream.

GROSS is figuring in our Data Base with 7 negative references, among others:

- He treated harshly a trainee who had taken care of a court file concerning a victim of the surgeon-butcher [Gaston-François MAILLARD](#) (It has to be presumed that this physician is a member of the network of GROSS.)
- In the judiciary scandal of the Iranian Naghi GASHTIKHAH, totally robbed by the Vaudois. GROSS has played an eminent role as Lawyer of the adversary side. He dictated to the Vaudois Judges to write in their first judgments that GASHTIKHAH was not the rightful claimant of his assets, but that these capital sums were owned by the Iranian State. It took GASHTIKHAH two decades to have this lie abolished. However, he never succeeded to recover his money.
- GROSS is the Lawyer of the former federal Judge [Roland Max SCHNEIDER](#), a senior Rotarian. GROSS had a strong impact on the Magistrates. He declared himself one day : «I am the friend of all investigating Judges». For sure, his services delivered to the federal Judge [SCHNEIDER](#), a crook and corrupt Magistrate, enhanced his Network yet more. Today, the son of his client, the Lawyer Adrian SCHNEIDER is his partner in the Office.

Officially, he has retired in spring 2016, but his network is for sure still operational.

GROSS is without any doubt a Mafia Lawyer serving the judiciary banditism.
