He has covered as well a case of work allocation due to bribery in the commune of Pompaples VD.

HACK has played a negative role in the affair of Kumar KOTECHA who's children have been alienated to their father. See:

He participated as well in the freemasonic plot against the farmer Jakob Gutknecht: [www.worldcorruption.info/eng/gutknecht.htm](http://www.worldcorruption.info/eng/gutknecht.htm)

On the other side, HACK has performed a remarkable job in favour of the most tragical judiciary victim of the Canton of Vaud in this century – **François LÉGERET**. By decision of November 23 2009 he recognized together with 2 other Vaudois cantonal Judges the credibility of the late witness Jacqueline ALBANESI. However, this witnessing has been ruled out by the Attorney General **Eric COTTIER** and the «Judge» **Philippe COLELOUGH**.

### **Reference List (observations collected since the year 2000):**

**Number of negative references: 5**

**Number of positive references: 1**

**In conclusion, HACK seems to comply when faced with the done deals of his colleagues, since we have the evidence that he has dysfunctional in 5 affairs, out of which 3 were cases of corruption. However, in the affair LÉGERET he had demonstrated the guts to search the truth.**
